3rd ICGSS INTERNATIONAL CONFERENCE of Graduate School on Sustainability

Contemporary Studies on Sustainable Development

September 22-23, 2018
Graduate School Building, University of Muhammadiyah Malang,
Terusan Raya Dinding 69 Malang, East Java, Indonesia

CALL FOR PAPER

The exploration of sustainable development issues is still very open,
especially at the regional level. These issues inspired the seminar on
Sustainable Development and the need to create research and teaching.
The conference is based on the belief that there are a large
number of contemporary studies that are interdisciplinary and in
the form of regional case studies in different countries. We need a
range of inputs that will be the foundation for the specific study of
environmental engineering, sustainable cities, and natural
resource management.

The special themes we prepare are based on several issues in
economics, and the field of architecture in order to explore the
possibilities of interdisciplinary characters. Authors are invited to
submit their papers with the following subthemes (but not limited to):

Subthemes of Natural Sciences
- Architecture for Sustainable Cities and Communities.
- Architecture for Resilient Infrastructure and Sustainable
  Industrialization.
- Architecture for Affordable and Clean Energy
- Environmental Engineering for Clean Water and Sanitation.
